SERIES SPECIFICATIONS

15A 120V Single Pole Toggle Switch & Pilot Light Switch Combination
Combination devices allow for multiple controls in a single gang box to maximize space & efficiency
Terminal screws backed out and ready for installation
All devices have grounding terminals

CONSTRUCTION

Color
White

Grade
Residential

Device Type
1 Switch/1 Pilot Light

Strap Material
Galvanized Steel

Wires
N/A

NEMA Configuration
N/A

Operation Temperature
From -40°C (without impact)
to 75°C Maximum continuous

Environmental Rating
Flammability UL94, V2 Rating

ELECTRICAL SPECIFICATIONS

Amperage
15 Ampere

Voltage
120 V AC

Poles
Single Pole-Switch

Termination 1
Side Wired, #12 AWG - #14
AWG Cu Solid or Stranded
wire

Termination 2
N/A

Grounding Capable
Grounding

Wires
N/A
